

VIZI HYBRID 16RX™

#VIZ229

Rear View

The ADJ Vizi Hybrid 16RX features a motorized focus and PowerCon In/Out for daisy chaining the power. Other professional features include: Frost filter to turn the hard edge beam to a wash, 6 & 8-facet prisms, stepper motors for quick, precise movement.

The Vizi Hybrid 16RX Moving Head fixture is powered by the revolutionary Philips® Platinum 16R discharge lamp technology (8000° K, 1,500 hr). The powerful Platinum 16R has an output comparable to a 575W fixture, with double the output of a 250W fixture. It also offers a flat, even spot field and even more saturation of colors. The Vizi Hybrid 16RX is much faster than previous ADJ moving heads because it is much lighter in weight and more compact than other moving heads in its class.

Features

- Gobo scroll mode
- LED DMX 4-Button menu system
- Auto X-Y repositioning
- Gobo Shake effect for both wheels
- Independent gobo and color wheels
- Pan/Tilt Invert
