

Active subwoofer SUB-10

wilson

MID-SIZED SUBWOOFER FOR CINEMATIC EXPERIENCE

The SUB-10, is an active woofer with a Bass Reflex system, making it ideal as an audio booster in home theater setups. The SUB-10 is ideal as an additional component in your home theater to enhance the clean source of a powerful soundtrack or to dynamically amplify the effects you hear.

STURDY CABINET DESIGNED TO MINIMIZE VIBRATIONS AND RESONANCE

Sturdy MDF enclosure provides excellent low-frequency sound without resonance or vibration from the cabinet. Bass reflex system provides maximum bass response.

GREAT ENHANCEMENT FOR YOUR BASS NEEDS

Whether you're watching an action movie, playing a computer game or listening to dynamic music, the SUB-10 will give you the bass you need.

Thanks to a delicate grain of wooden like vinyl, black finish, this subwoofer will safely fit the environment without imposing style of the remaining furniture in the room.

EASILY FIT TO THE ROOM FURNITURE

Visually, the subwoofer retains a classic and compact form that matches most rooms, without betraying at first glance what is inside them.
