RAPTOR VOCAL

wilson

MUST HAVE FOR HOME CINEMA SYSTEM

Raptor Vocal center speaker - an indispensable component of a home cinema system.

DESIGN

Cabinets are available in classic colors: white or black. These colors emphasize elegance, and the slender silhouettes of the bases will easily fit into any - modern and classic - interior.

The front is covered with a glossy plastic panel in white and black respectively. The material provides long-lasting resistance to color change and unwanted effects of light, which is especially important for a white finish, when the columns are placed in very sunny rooms.

Both black and white speakers are equipped with the classic black grilles with fine textured material.

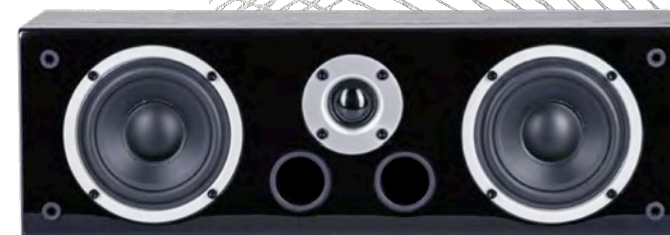

Cabinets are equipped with a set of rubber feet that isolate vibrations coming from the ground.

Cabinet: White with wood grain texture
Grille: black

DRIVERS AND CROSSOVER

The crossover developed for this design has been integrated to ensure that all the elements in this design are consistent in sound. It includes two low-midrange drivers 4" each, and a 1" tweeter with a fabric dome.

DOUBLE BASS REFLEX

High quality enclosure with front firing double Bass Reflex ports allows the speaker to achieve much higher efficiency in the low frequency range

HOME CINEMA AND STEREO

The proper selection of the parameters of a home theater speaker, its positioning in the room and the sound quality determine the final sound of the entire system. The Raptor Vocal set will perform perfectly in the role of a center speaker.

Raptor series loudspeakers take us to another dimension of action cinema... it also ceases to be a problem to visit any concert hall, even the largest. Unforgettable experiences, emotions and great sound cease to be available only to wealthy audiophiles.

SPECIFICATION

Recommended amplifier:	25 to 125 W
Frequency response (± 3 dB)	50-20.000 Hz
Sensitivity (2.83V/ 1m)	88 dB
Impedance	4-8 ohms
Maximum efficiency (SPL)	108 dB
Crossover division frequency	2600 Hz
Tweeter	1" (25mm) soft dome
Low-midrange drivers	2x 4"
Cabinet type	Bass Reflex
Speaker terminals	single
Included accessories	rubber feet
Dimensions (H x W x D)	140 x 430 x 165 mm
Finish colors	Black EAN: 5903402873911 White EAN: 5903402873928
Weight	15.00 kg

Raptor series: 9 Max/9/7/5/3/1/Mini/Vocal/X
